Saved From Shipwreck and Watery Graves.

GOOD WORK BY A LIFE-SAVING CREW.

Violent Death of a Corean Prince—Green B. Raum's Property to be Sold—Half a Million for the Delawares—Cruiser No. 10.

Saved From Shipwreck and Watery Graves.

WASHINGTON, Oct. 24.—Superintendent Kimball, of the life-saving service has received a report of the saving of the steamer Arago and its crew and passengers, wrecked October 3, on Coos bay, Ore. The vessel and persons aboard were saved by means of the use of the Lyle gun and breeches buoy apparatus, being the first time these life saving agents were ever practically used and demonstrating their superiority, in the opinion of Superintendent Kimball, over all others. The vessel stranded on a bar while the ocean was running very high. From a tug 150 yards distant, by means of the Lyle guns, a line was fired to the Arago. A whip-line was then sent aboard her, and by this whip-line four one-twenty fathom hawsers were hauled aboard and made fast. By the whip-line the *four hawsers* were extended from the mast of the vessel to the mast of the tug, the breeches buoy run to the vessel along the hawser and the crew and passengers landed on the tug.

The tug then took by turn the four hawsers, and attaching an anchor to each dropped them seawards. This prevented the vessel from going further upon the bar, and when the tide arose the vessel floated and was saved with but little damage. So extraordinary was this work by the life-saving service that Customs Collector Stewart took it on himself to send the following letter to the treasury department on the subject:

COOS BAY, Ogn., Oct. 9, 1891.

As you will see by the inclosed wreck report, the fine steel steamer "Arago" in going out of this harbor on the 3d in stant, got stranded on the south Spit, just inside the bar. She was in a very dangerous position, the seas breaking over her and the swells so heavy that nothing but a good lifeboat could live in such waters. The life-saving crew at this place, although a new thing, did most heroic and efficient service, preventing the loss of a single life, and resulting in the saving of the steamer—the first one ever saved here in like danger. We all agree, that, without the aid of the life-saving service the Arago would now have to be reported "lost," while many of the passengers and crew would now be sleeping in "watery graves."

To witness such a disaster, and such a thorough rescue, will convince any one of the wisdom of treating the life-saving service with a liberality befitting a brave and humane people.

Violent Death of a Corean Prince.

WASHINGTON, Oct. 26.—Hu Penn, a Corean prince was killed Thursday night by a train at College Station, Md., near this city. He came to this country with the commission sent out by Corea years ago to investigate the *progress of civilization in foreign* countries, and decided to make his home here. His persistent refusals to return caused the confiscation of large estates owned by him. Becoming interested in agricultural advancement he studied at the Maryland agricultural college, and after being graduated last June obtained a position in the agricultural department where he devoted himself to translating and compiling dates concerning agriculture in China, Japan and Corea. Hu Penn was 40 years of age. Recently he endeavored to obtain permission to return to his native country but the request was refused.

Green B. Raum's Washington Property Ordered Sold.

WASHINGTON, Oct. 24.—Justice Cox of the district court has directed the sale, through trustees, of local real estate owned by Green B. Raum to satisfy the judgment claim of A. L. Conger, pursuant to the suit brought against the defendant and others as trustees under the various deeds of trust aggregating $20,000 several months ago.

Half a Million for the Delaware Indians.

WASHINGTON, Oct. 24.—Commissioner Morgan of the Indiana bureau yesterday drew a check on the treasury department for $454,000 for the benefit of the Delaware Indian tribe in the Indian territory, this sum being one-half of the sum held in trust for the Indians in payment of lands ceded to the United States.

Cruiser No. 10.

WASHINGTON, Oct. 24.—The secretary of the navy was yesterday notified by Mr. W. J. Malster, president of the Columbian iron works, at Baltimore, that cruiser No. 10, will be launched next Wednesday.

THE COMMERCIAL WORLD.

The Week's Business and the Outlook, as Reported by R. G. Dun & Co.

NEW YORK, Oct. 24.—R. G. Dun & Co.'s weekly review of trade says:

General business is remarkably active and increasing in volume at the west, improving at the south, and distinctly less dull than it was a week ago at eastern cities. Collections are improving in nearly all directions. The money markets are nowhere stringent, at nearly all important points being quite easy, though with a noticeable improvement in the demands. These signs plainly promise a strong trade for the fall and winter unless disturbances which can not now be foreseen should interrupt. The reports from other cities are on the whole more favorable. At Boston the improvement in trade is slow. Wool is steady, with sales of 2,748,000 pounds at unchanged prices, and lumber is in moderate demand. At Philadelphia the boot and shoe trade is satisfactory; groceries are active, with a decline in sugars. Canned goods are also quite active. The paper trade is good. In paints, glass and lumber business is quiet. Dry goods jobbers are doing a fair business. At Cincinnati retail trade is brisk, and clothing is active. At Cleveland business is good, and the tone confident. At Detroit trade and manufactures are fully up to last year's mark. At Chicago an increase appears of a third in receipts of hides, dressed beef and flour and corn; and receipts of rye are three times last year's, but some decrease appears in oats, barley, cured meats, lard, cheese, butter and wool. The dry goods trade is much larger than a year ago, the receipts of cattle larger, the shoe and clothing trade large, and business gradually increasing in all lines. At Minneapolis the lumber trade is very good, prices rising; the flour mills again beat the record, and general trade is good there and at St. Paul. At Omaha and Kansas City business is satisfactory. At St. Louis trade shows encouraging strength, and at Memphis business is very fair. At New Orleans a better feeling is seen, with money in active demand. At Savannah trade holds well, and at Jacksonville trade is steady with bright prospects. Wheat has fallen 1¾ cents, with receipts at the west of 6,500,000 bushels in four days, and exports of 1,250,000 bushels. Corn is *scarce and 3½ cents higher for spot*, and oats 1¾ cents higher. Cotton receipts surpass those of the same week last year by 54,000 bales, and the price falls a sixteenth with sales of 914,000 bales here. Coffee is an eighth lower, oil one cent lower, lard an eighth lower, and hogs have fallen 80 cents per 100 pounds, with no change in pork. Sugar, both raw and granulated, is somewhat lower with a quite active market. In general the speculative movement appears to tend toward lower prices for products, the supplies being unusually large. The iron industry looks stronger, with recorded sales of 50,000 tons of steel rails. Bar, plate and structural mills are fairly employed, but supplies are low. Boot and shoe manufacturers shows signs of more active demand. The wool manufacture shows more demand for dress goods, and stocks of these are relatively low, while for men's spring goods the orders of clothiers are far behind. The stock market is hesitating, with little change for the week. The Paris bourse is disturbed by heavy selling of copper shares. But the Bank of England does not charge its rates, though losing this week $1,934,000 gold. Here the treasury has put out $1,500,000 more than it has taken in during the week. The merchandise exports for the past two weeks have exceeded those of the corresponding weeks last year, while imports fall far below those of a year ago. Foreign exchange has declined half a cent during the week, and money at New York has been easy and cheap.

The business failures occurring throughout the country during the last seven days, number, for the United States, 207, and for Canada, 42, or a total of 249; as compared with a total of 259 last week, and 270 for the week previous to the last. For the corresponding week of last year the figures were 225, representing 203 failures in the United States and 22 in the Dominion of Canada.

WESLEYAN METHODISTS.

Thirteenth Quadriennial General Conference at Grand Rapids, Mich.

GRAND RAPIDS, Mich., Oct. 24.—The thirteenth quadriennial general conference of Wesleyan Methodists is now in session in this city. Rev. G. P. Riley, pastor of the church at Marion, Ind., for forty-five years a minister, presented himself as a delegate from the Illinois conference and the president of the general conference refused to admit him, because he was a member of the G. A. R. After a heated debate the president was sustained in his position, and a resolution was adopted denouncing secret societies of all kinds. Rev. Mr. Riley was colonel of his regiment when he retired from the army.

A resolution introduced commending President Wardner's ideal management of the Wesleyan Methodist provoked bitter criticism but was adopted. The *following* officers were elected: President, Rev. Nathan Wardner, Syracuse, N. Y.; vice-presidents, Rev. E. Teber, Sheridan, Ind., and A. W. Brien, Seneca Falls, N. Y.; Secretary, Rev. E. B. Bruce, Rome, N. Y.

The conference is attended by about seventy delegates, representing the twenty-two conferences in the country.

THE ENGLISH FLOODS.

Never Equaled Within the Present Century

LONDON, Oct. 24.—Politics, both foreign and domestic, give way in public interest to the extensive floods, never equaled in England within the present generation, and far more widespread than the Moray floods of sixty years ago, which, however, destroyed many lives. The floods have come so gradually that nearly every one had a chance to escape, although the plains are under water, and rivulets have swollen to rivers.

The chief anxiety felt is as to whether the waters will altogether retire from some of the regions invaded, especially the lowlands near the sea, large sections of which have been rescued for cultivation by the labor of centuries. Should the floods, which are still rising in many places, not soon subside, much damage will be caused.

Denver Officials Indicted.

DENVER, Col., Oct. 24.—Three ex-city officials of Denver, realize now that the way of the alleged trangressor is hard. Yesterday the grand jury brought in three bills of indictment against ex-City Treasurer W. M. Bliss, ex-Deputy Treasurer James Hadley and ex-Deputy Auditor George R. Raymond, charging them with embezzlement, malfeasance in office and forgery. The accused were arrested last night and lodged in jail, where they will remain until the amount of bond required is fixed by the court.

These indictments are the result of the work of the investigating committee which reported some time ago that they had discovered gross irregularities in the books of the city treasurer and auditor. The amount alleged to have been stolen is $45,000.

Judge Gresham Denies.

CHICAGO, Oct. 24.—Referring to the story from Indianapolis to the effect that an agreement has been entered into between Indiana friends of Judge Gresham and those of President Harrison, by which the former are to cease their opposition to Mr. Harrison's renomination and the latter are to lend their influence to Judge Gresham in 1896, an evening paper publishes an interview with Judge Gresham in which he says: "There is no foundation for the statement. I have entered into no agreement or understanding with the president or any of his friends. No friend of mine was authorized to make such an agreement for me, and I am confident no such agreement has been made."

Will Prosecute the Toronto Globe for Libel.

OTTAWA, Ont., Oct. 24.—It is understood that Secretary of State Chapleau intends to sue the Toronto Globe for criminal libel for publishing an article to the effect that Mr. Chapleau had offered to sell out to the liberal party during the crisis which ensued on the death of the late Sir John MacDonald.

BY OUTRAGES ON AMERICAN SAILORS

Members of the Crew of the Baltimore Assaulted and Dangerously Wounded in the Streets of Valparaiso—One of Them Killed.

WASHINGTON, Oct. 24. — Secretary Tracy, after submitting the cablegram received from Capt. Schley of the United States steamer Baltimore, about the affray in Valparaiso between the *American and Chilian sailors* last week, to the president, made public the substance of the dispatch. The dispatch received from Capt. Schley stated that he had made a careful investigation of the assault on our sailors on the 16th inst. The investigation shows that Petty Officer Charles Rigg, while riding in a street car was assailed and dragged from the car and shot and murdered by a mob of about 100 armed men. Apprentice Tallbot was assailed and cut dangerously several times in his back, two cuts penetrating his lungs. Coal Heaver Itherson was robbed and cut dangerously in the back several times. Coal Heaver Turnbull received eighteen wounds in the back; two penetrating his lungs. He is in a critical condition. Petty Officer Hamilton was wounded several times in the back and other parts of the body. Coal Heaver Panter and Landsman Davidson were dangerously injured by an assault with clubs, stones and knives, and a number of other men were dangerously hurt.

Thirty-five seamen were arrested by the authorities; but what disposition was made of them cannot be learned from inability to translate the cipher dispatch.

The surgeons of the Baltimore are of the opinion that some of the wounds were inflicted by bayonets; showing clearly the participation of the Chilian police.

The American sailors were without arms and defenseless. The investigation shows that they were sober, and in no respect guilty of misbehavior. Two of the wounded are still in the hospital. On several instances the sailors of the Chilian fleet rendered assistance to the American sailors, and several of them were arrested.

Secretary Tracy would not say whether any action in the matter had been decided upon.

THE SEARLES WILL CASE.

Mr. Searles Continues and Concludes His Testimony.

SALEM, Mass., Oct. 24.—In the Searles will case yesterday Mr. Searles gave his testimony. He said that in the presence of Lawyer Stillman before Mrs. Hopkins-Searles' will was made, she stated that she wished to leave all her property to witness and would provide for Timothy in her lifetime. If anything happened to her she knew witness would be more generous to Timothy than she would. Witness never attempted to influence the disposal of his wife's property. He never noticed anything to show that she was in any other than a strong mental condition. In June '87, witness had property of his own amounting to $200,000.

This concluded Mr. Searles' testimony. The court refused to order any checks to Stillman or Hubbard produced. The court asked if any one else wished to be heard in opposition to the instrument, and there was no response. Mr. Lincoln then called Gen. Hubbard, of New York, who testified to his acquaintance with Mr. and Mrs. Searles.

Gen. Hubbard said, in a general way, that Mrs. Searles' property consisted of about sixty different kinds of stocks and bonds, she being one of four controlling 5,000 miles of railroad and 100 steamers. These companies were bonded for $250,000,000, and required the personal attention of their owners if their value was to be kept up to their high standard.

Witness said that when Mr. Stillman came to him with a request that he (Hubbard) take the management of the property, his law practice was large and lucrative. For this reason he hesitated, knowing that in order to join Mr. Stillman his law practice would have to be abandoned, but he finally consented, and after much discussion the copartnership was drawn as suggested by Mr. Stillman, who had met with many rebuffs while acting as attorney in getting necessary information, and suggested the copartnership so that they could insist, as principals, upon their rights.

At the afternoon session Gen. Hubbard testified that the management of the estate had taken nearly all his time for a year and a half past, and that it had taken fully as much of Mr. Stillman's time also. In 1888 he had called the attention of Mrs. Searles to the fact that she was drawing very little money, as compared with the amount drawn by Mr. Searles. She said that Mr. Searles paid all her bills and she wanted him to do so. She did not wish to have anything to do with business.

Report of the Pennsylvania State Board of Charities.

HARRISBURG, Pa., Oct. 24.—Gov. Pattison has received the report of the board of charities regarding their recent investigation into the charges against the State Lunatic hospital management. The board reports that no evidence was adduced showing mismanagement by the trustees, but that the medical supervision was inefficient, but that this has now been remedied.

A Verdict for the Plaintiff.

BOSTON, Oct. 24.—The jury in the case of Wm. H. Devoy against the Boston & Albany railroad for $25,000 damages for injuries received, yesterday brought in a verdict for the plaintiff.

THE pain of a burn or scald is relieved almost instantly by Chamberlain's Pain Balm; besides it restores the parts to a healthy condition, and heals them in less time than by any other treatment. Without the burn or scald is very severe, it will not leave a scar. It is also invaluable for frost bites and chilblains. 50-cent bottles for sale by W. F. Neisler, drug gist. d&w

DAILY REPUBLICAN.

DECATUR, ILLINOIS.

Entered at the Post Office at Decatur, Illinois, as second class mail matter.

SATURDAY EVE., OCT. 24, 1891.

Organizing.

Yesterday was Republican day at Springfield. The Irish Republican League, the committee of Republican editors and the State Central Committee all met at that city. The object of each of those meetings was to devise means for the more perfect organization of the Republican forces in the state. That such meetings will result in strengthening the party, none will question. That such meetings will make it more difficult for self-constituted convention manipulators to operate, must at once be apparent. In fact, the meetings themselves are a notice to these people that the day of judgment in their cases has been reached.

An understanding between, and a systematic campaign on the part of, these organizations is what the party has lacked in Illinois. Campaigns have been altogether too spasmodic and circumscribed in point of time in the past to be as effective as they might have been. The result of organization on the line adopted will enable the Republican press to present the principles of the party much earlier than heretofore and keep them before its readers more continuously. In this respect the Democratic press has been the more efficient. While the Republican newspapers, as a rule, have been in the habit of advocating and teaching Republican principles earnestly from convention to election day, the Democratic press, with a zeal worthy of a better cause, has talked politics 365 days in a year. These meetings, such as were held in Springfield yesterday, mean that these conditions on the part of Republican newspapers are to be changed.

The meeting of the Irish-American Republican League and its permanent organization means another active force at work in the party that must result in the strengthening of the party. Two hundred and fifty delegates, full of Republican enthusiasm, were present, a much larger number than was expected. They were men of intelligence, too, who can give a reason for the faith that is in them. They can tell in sentences that cannot be misconstrued why an Irishman who was forced from his home to America by the economic policy of Great Britain cannot consistently vote the Democratic ticket in this country. They were men who could paint the smiles of the capitalists of Great Britain, which are the result of the fact that, whereas these money kings had no use for Irishmen in Great Britain, Irishmen served their interests well by voting the Democratic ticket in America. These Irish-Americans understand that the Democratic party in America has become the tool of Great Britain; that it has, within the past few years, more and more worked in the interests of English syndicates and plutocrats at the expense of American workingmen.

The work of yesterday indicates that the organization of the party in all its parts will be more perfect than it has ever been before in Illinois.

THE government of the United States, although the best, the simplest and least expensive of any great government in the world, requires a considerable revenue. That revenue we derive mainly from a tariff levied upon foreign imports. Remove that tariff and there must still be an income derived from some source. What shall that source be? An increase of the internal revenue? A direct tax upon the lands and chattels of the people? An income tax? A system of licenses? All of these plans are possessed of more objectionable features than the present system. Even the average reformer who has given any serious thought to the subject would not assent to so radical a change, or to any change at all except as to the articles upon which the tariff is to be imposed. With the country prosperous, the system of revenue working with little or no friction, and the income sufficent and so easily raised that no one feels that a burden is resting upon him individually, is it not safe to conclude to let well enough alone and continue in power in the Nation the party that is friendly to so admirable a system, rather than turn it over to a party that is its sworn enemy?

THE United States shipped abroad almost five millions dollars' worth of manufactured carriages, railroad cars and street railroad cars last year and only bought abroad 204 of the more than two million tons of nails used in this country, during the same period. A few years ago we shipped abroad no cars and bought more of our steel rails in England. Protection gave the mills a chance to get a foot-hold with the result that we now manufacture nearly all of our rails at home and at a price below that formerly paid for iron rails.

EX-STATE SENATOR FLETCHER, who has just returned from a visit to England and Scotland, says there is no mistaking the fact that the capitalists of those countries stand ready at any time to contribute any amount of money to aid the Democratic party of this country in carrying the election of 1892. They openly say that their only salvation is to get a revenue tariff adopted in the United States, hence they favor the Democrats. He says that in this sense every capitalist in Great Britain is a Democrat.

JUDGE COLLINS sustained two of the four counts in the indictment against Gipson the Whiskey Trust secretary. The counts sustained and upon which he will be brought to trial are: "Gibson and other evilly disposed persons did attempt to actually fire the Shufeldt property," and "That Gibson caused to have made and placed in the hands of Thomas F. Dewar an explosive machine."

THE stealings of E. F. Garcia, paying teller of the Louisiana National Bank, foot up $190,000. His defalcations were first discovered about the 8th of the present month, but the aggregate of his stealings was not fully known until within the last few days.

COL. ETHAN ALLEN'S letter to the Republican state committee of New York is like the trumpet call for surrender that was sounded by his illustrious ancestor at Ticonderoga. He is enlisted for the fight on Tammany while life lasts.

Mr. Lincoln Not a Spiritualist.

John G. Nicolay, who was the private secretary of Abraham Lincoln while President, says of the report that he was a spiritualist:

"Of course, I have no doubt that Mr. Lincoln, like a great many other men, might have had some curiosity as to spiritualism, and he might have attended some of these seances solely out of curiosity. But he was the last man in the world to yield to any other judgment than that arrived at by his own mature deliberation. He was not superstitious, nor did he have any spiritualistic tendencies. I have attended spiritualistic seances, not because I believed in them, but because I was curious to see the proceedings. They were such manifest humbugs that I usually came away disgusted. If President Lincoln ever attended seances, as alleged, it was with this same feeling of curiosity. But I do not remember that even curiosity ever impelled him to attend a seance. He had more important business on hand during those days. In any event I can say without the slightest qualification that a seance never occurred at the White House."

Do You Know It?

A common Cough is the most dangerous thing in the world to neglect; a slight hacking Cough is also very dangerous, as it always leads to Bronchitis and Consumption. Don't neglect them. In selecting a remedy for Coughs, Colds and Bronchitis, be sure and get one that is not full of Opium and one that will not produce constipation. Ballard's Horehound Syrup does not constipate, remember this. It is perfectly harmless for children, and it's the most soothing and healing Throat and Lung medicine in the world. It cures Consumption, Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Croup, Bronchitis, Hoarseness, Sore Lungs, tickling in the throat, and greatly strengthens the Lungs after Pneumonia. Sold by Swearingen & Tyler. 4

MARYLAND biscuits are seldom or never seen in New York, and are not often made anywhere north of Delaware. They look like porcelain door-knobs, but are more edible.

A Mystery Explained.

The papers contain frequent notices of rich, pretty, and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin Miles says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book containing many marvelous cures free at W. G. Armstrong, who also sell and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc. d&w

"WHAT is your gross income?" "I have no gross income. My income is petite, slender and spirituelle."

Guaranteed Cure for La Grippe.

We authorize our advertised druggist to sell you Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with La Grippe and will use this remedy according to directions, giving it a fair trial and experience no benefit, you may return the bottle and have your money refunded. We make this offer because of the wonderful success of Dr. King's New Discovery during last year's epidemic. Have heard of no case in which it failed. Try it. Trial bottle free at King & Wood's drug store. Large size 50c and $1.00 4m

A feeble woman is restored to health and strength, by Dr. Pierce's Favorite Prescription. If you're overworked, "run-down," or debilitated, you need it. It's an invigorating, restorative tonic, and a soothing and strengthening nervine, imparting tone and vigor to the whole system. It's a legitimate medicine, too—carefully compounded by an experienced physician, and adapted to woman's delicate organization. For all the chronic weaknesses, functional derangements, and painful disorders peculiar to the sex, it is an unfailing remedy. It's because it *is* unfailing that it can be sold under a positive guarantee. If it fails to give satisfaction, in any case for which it's recommended, the money paid for it will be promptly returned.

It is a legitimate *medicine*—not a beverage. Contains no alcohol to inebriate; no syrup or sugar to sour or ferment in the stomach and cause distress. As *peculiar* in its marvelous, remedial results as in its composition.

A Kernel of Corn

A kernel of corn laid up on a beam in the barn will not grow. It will become covered with dirt, will wither away and the germ will die. A kernel of corn planted will grow and produce an ear. The kernels on the ear, if they in turn are planted, will produce a pile of ears. The pile of ears will contain thousands of kernels. This will be the result of the forethought in planting the first kernel. It is just so with accumulating money. Thirteen cents a day invested in the EQUITABLE BUILDING AND LOAN SOCIETY OF PEORIA will grow in ten years to One Thousand Dollars. This re-invested in prepaid stock will grow in 5 years and 4 months to $1800. This again re-invested will grow in 5 years and 4 months longer to $3,300. Total original investment, $490.

Our Shoe Sales.

Since the commencement of our great reduction sales have been enormous. The first week of this sale was a marvel. The drouth has finally told upon the trade somewhat, but the special prices we are now making will boom the great reduction sale more than ever.

Overstocked in Chicago and Overstocked in Decatur

we are willing to make heavy sacrifices on every line of goods we carry, rather than carry the goods over. We want the money out of them. Nothing like it for saving money in shoe buying is likely to come soon again. Whenever we advertise a reduction sale we have the goods and the prices all the while to warrant everything we say. Come and see what we can do for you now,

GETTING READY

For the Extension of the Union Street Sewer.

Last evening Mayor Chambers, members of the public improvement committee, W. H. Bramble, Charles Powers and other property owners, visited the property through which the Union street sewer is to be extended to a point near Greenwood cemetery. The right of way will doubtless be secured with but little difficulty. The cost of the extension will be about $7,000, of which amount Mr. Bramble, who has been urging the extension constantly, will have to pay $800 to $1,000. Other property owners will come in to foot the bills. It is said that all property from Wood street south, on the east and west sides of Main street will be assessed. That will take in many people who have in years past been using a private sewer and have been enjoying the benefits of the main sewer completed to Decatur street without paying assessments. The contractors, Fuller & Tuttle, will get at work as soon as possible.

UNITY OF ACTION

Local Board of Underwriters Organized and Rates Fixed.

The organization of the Decatur Board of Underwriters or Fire Insurance Agents was perfected to day at the office of the Hunter Brothers, on Merchant street. Action was necessary to gain uniformity of rates in business, which has been sadly demoralized because of lack of organization The new rates will be 50 cents on frame dwellings with shingle rooms, 45 cents on frame dwellings with metal roofs, and 40 cents on brick dwellings with metal roofs. Instead of raising the rates the board will lower them, and the inspector will be a stamp clerk who will countersign all papers after the policies are written up All of the Decatur agents are in the board

The officers are: President, Hiram Johnson, secretary, Will Lewis Rating committee—R. R. Montgomery, C. W. Montgomery and George Hunter

Formal Presentation

When Canton Decatur, No. 19, Patriarchs Militant, made their trip to Chicago in the spring time, they carried with them a beautiful silk banner, the handiwork and gift of Mrs C M Lytle. The Canton expressed its gratitude in the form of resolutions, and the acknowledgment was ordered engrossed and put in a frame It was done, but until last evening there was no opportune occasion to present the testimonial. Members of the Canton in full uniform called at the Lytle home on North Morgan street and with Brig. Gen. Geo. W Patterson as spokesman, the engrossed copy of the resolutions was presented and received with appropriate remarks by the lady The callers remained at the house for a few hours as the guests of Mr and Mrs Lytle. Refreshments were served.

THE minstrel show given by the Primrose & West party at the Grand last night was a gilt-edged performance, refined and entertaining throughout, with just enough old time acts in the old neighbors and Big Four business to please those who like plantation dancing and queer make-ups The first part was excellent. The oddities included the electric march of the Red Hussars, the Borani Brothers in clever contortion acts, and the dancing blacksmiths. It was a good show.

AN ELECTRIC LIFT.

Bartholomew & Co. in the Swim for the Holiday Trade.

It has come to pass in the course of business enterprise and shrewd management that nearly every season is a time of holiday activity at the wholesale and retail queensware, silverware and novelty notion house of E. D. Bartholomew & Co. If you don't believe it, step in any and note the rush and hustling on the different floors of the big establishment.

Mr. Bartholomew is always progressive. He leads in his business and sets the pace in his special lines of imported and American goods—all gems and the cream of the manufacturers' art,—while, as to prices, he defies successful competition. Every floor is a separate department, art, silverware, bronze goods, cut glass, parlor ornaments, chinaware in all grades, notions without end, and in fact, anything and everything desired for the home in the parlor, the library, the boudoir, the dining room or the nursery.

To accommodate its rapidly growing trade and to prolong the lives of its patrons, the firm has lately introduced a complete passenger elevator or "lift"—that is the English of it, we believe—an elevator operated by electricity, a perfect motor, in the basement, furnishing power sufficient to lift all who stand upon the broad platform. This elevator is quite popular with the customers Last evening the reporter took a trip on the elevator, and he found it—well, just the thing for safety and solid comfort in visiting the several floors of the establishment to view the beautiful goods. Don't fail to take in the electric elevator when you visit Bartholomew & Co.'s store, and don't fail to praise its utility and beauty, for "Des" is proud of it.

KILL THE SPARROWS.

Their Death Sentence Goes into Effect December 1

The first day of December the act passed by the last legislature, offering a bounty of two cents a head for all English sparrows killed during the months of December, January and February, within the state and by residents thereof, goes into effect As there are millions of those little pests the small boy will be in clover, for he may then use his little gun to his heart's content.

In making application for bounty under the law, the first step is to kill the birds The sparrows, or the heads, in lots of no less than ten, must be taken to the township or city clerk, who will issue a certificate to the county clerk, stating the amount of the bounty On the presentation of this certificate the county clerk will issue a warrant on the county treasurer for the amount If the heads of any birds other than the English sparrows are presented, the person killing the bird is subject to a fine of $5 for every head so offered

It is said the sparrow has a juicy little carcass, and that as a tidbit he is a success A sparrow potpie is a succulent dish that is much used in large cities He is even sometimes served as the famous red bird

The Famous City Directory Co

"There are farce comedies, and farce comedies, but it is universally conceded by all the most eminent critics of the land, that Russell's Comedians' presentation of "The City Directory" stands pre-eminent and alone among all performances of this kind, and upon its presentation at the Grand next Friday Oct. 30th Our amusement patrons are assured of one of the most brilliant performance ever witnessed in this city — The company is composed entirely of artists of unequivocal excellence, the play being the climax of sparkling fun and charming music, endorsed by a 250 nights run at the Bijou Theatre New York, 100 nights in Boston and 100 in Chicago

Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from the unfortunates is the height of cruelty They have a weak heart, causing shortness of breath, fluttering, pain in the side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc his Restorative Nervine is no equaled. DR. MACLAGEN, the new Archbishop of York, has grieved Churchmen of the type of Archdeacon Denison by publicly expressing his friendly feeling toward Nonconformists.

A PROMINENT physician and old army surgeon in eastern Iowa was called away from home for a few days, during his absence one of his children contracted a severe cold, and his wife bought a bottle of Chamberlain's Cough Remedy for it They were so much pleased with the remedy that they afterwards used several bottles at various times He said, from his experience with it, he regarded it as the most reliable preparation in use for colds, and that it came the nearest being a specific of any medicine he had ever seen. THE radical element in the Kansas Farmers' Alliance were in the majority in the convention and the conservative McGrath was defeated for re-election as president and one in favor of all the crank notions of the most bigoted was elected to succeed McGrath.

AYER'S Pills, being convenient, efficacious, and safe, are the best cathartic, whether on land or sea, in the city or country. For constipation, sick headache, indigestion, and torpid liver, they never fail. Try a box of them; they are sugar-coated.

ON Thursday Mrs. R. J. Oglesby gave a reception at the Ogleburst mansion in Logan county, the guests being Gov. and Mrs. J. W. Fifer and a number of Springfield people. Madame Chatterton on the harp and U. J. Lincoln on the violin gave the musical selections.

MRS. HANNAH MCCLUN, widow of the late Judge John E. McClun, who located in Bloomington in 1836, died suddenly yesterday morning. She married the Judge at Urbana, Ill., in 1839, and has since been widely known in church circles all over Central Illinois.

LEE MOSES, manager for the Lillie McHenry Gaiety Girls and Boys, a company of 13 specialty people, is in the city. The company was at Assumption, and will do Macon to-night. Two Decatur girls are in the party. One does a boy's part very cleverly. The comedians are Oliver C. Patten and Lee Moses.

LAST evening Chris Brown, owner of the "Regalia" stallion, received a congratulatory letter from his friend, John H. Pridemore, now in the grocery business at Hubbard, Tex. John had heard of the good records made by "Regalia" colts and enclosed several yards of Texas blue ribbon to be tied on the stallion with the compliments of Pridemore.

CHARLES ARMSTRONG, who resided near Clinton, Ill., and who died about two weeks ago, was insured in the Union Central Life, Cincinnati, for $1,000. J. E. Smith, general agent for the company, received a draft in favor of Mrs. Armstrong for $1,000. This is certainly very prompt settlement by the company, and will relieve the widow very much.

DECATUR friends to-day received cards announcing the marriage of Will J. Werner, son of A. M. Werner, Decatur, and Miss Florence B. Beck, which occurred at Tacoma, Wash., on October 1st. The groom has hosts of friends in this community. The bride is a niece of Mrs. J. M. Blythe, wife of Dr. Blythe, the dentist. Mr. Werner and bride will reside at 1401 K street, Tacoma.

WABASH officers held an investigation Thursday of the causes of the Wabash railway wreck last Monday at Versailles. The train crews of both the passenger and the wild freight train which ran into it were present in the office of Master Mechanic Lape, where the examination was made. The testimony was taken from the conductors, engineers, firemen and breakmen of each train and the evidence submitted to Supt J. S. Goodrich, of Chicago, for decision.

IT is doubtful if there ever was a time in the history of railroading when water was as scarce as it is now. Nearly every road in Central Illinois is now suffering from this cause, and in consequence is put to a great deal of expense and trouble. The scarcity of water for the engines makes water trains a necessity.

J. B. BULLARD has vacated the room in the Masonic Temple Block and M. McGinty has a force of painters and decorators at work to-day preparing the room for his saloon, which he expects to open up about Nov 20.

DECATUR is soon to have a new publication—the *Real Estate Investor's Journal*, an eight-page magazine, published monthly. A. W. Hendricks is to be the general manager.

BUSINESS in the circuit court will be resumed Monday morning at 8 o'clock, Judge Vail took a recess last evening. The Britton-Grounds slander case is still in trial.

JAKE WILHELMY, Henry Roberts, W. J. Gilkeson and Mont Pennell furnished music for a social dance at Maroa last evening. Lou Fribourg served as caller.

THE FRANK Daniels comedy company arrived in the city to-day from Springfield and will present their "Little Puck" to-night at the Grand.

THIS IS DIFFERENT.

The Union Street Sewer Improvement Blockaded.

On another page will be found a statement in reference to the extension of the Union street sewer, which in the light of events which have transpired since that paragraph was written, calls for important qualifications. The question of securing the right of way from Decatur street through the Bramble, Powers and Imboden ground, which lies outside the city limits, is a matter to be considered first in making the improvement. This forenoon O. Powers refused to grant the right of way unless the sewer improvement commences at the river and is brought through to Decatur street to connect with the sewer now in place. The extension of the sewer to Greenwood cemetery would afford him no relief. It would only increase the nuisance as to smell. The position taken by Mr. Powers is certainly a sensible one. And then Mr. Bramble presented a written statement that he would require from the city $650 for the right of way through his property, why the mayor and the public improvement committee were unable to state. All they know is that they have Mr. Bramble's proposition and it knocks them out. They cannot let go of that sum and as they cannot get consent to go to the cemetery through the Powers land the extension of the sewer will of necessity have to be deferred until next year. Mr. Imboden is willing to let the sewer go through his property with the understanding that it will go to the river.

Alderman May says their is no money in the public improvement fund to buy the right of way, and consequently the sewer will not be built this year. Condemnation proceedings will be necessary next year.

At Rest.

The funeral services over the late Mrs. Isabella Fields were largely attended at the A. M. E. church at 9.30 o'clock this morning. Rev. J. S Woods, the pastor, and Rev. G. M. Moore, of the Antioch Baptist Church, conducted the services, the former delivering the address. Mrs. Fields was one of the old citizens of Decatur and had many friends and acquaintances here. She leaves three children, Mrs. Alice Price, Nora Fields and Charley Fields, and many other relatives to mourn her loss. Rev. C. S. Jacobs, her brother, who was here in attendance at the funeral, left for his charge in Clinton, Ia., this morning. The pall bearers were A. King, J. Bird, N. Hagerman, R. Steward, J. Love and Mr. Miller.

The Court House Roof.

The building committee is wrestling with the question of the proper construction of the roof of the new court house. It has been stated that the plans drawn by the architect do not provide for proper support of the roof, and that it will be necessary to extend the brick walls to the roof in the center and sides. The extra expense will be about $1500, and many hold to the opinion that the architect should stand the expense. Chairman Garver, of the county board, who was in Decatur to-day, said that the committee should see that the roof had solid support. No doubt the architect will have to foot the bill.

The Ohio Ballot.

Deputy Postmaster Thomas favors the REPUBLICAN with a copy of the Australian ballot to be voted at the Ohio election in November. The ballot is taken from the Guernsey *Times*, and gives the names of all candidates to be voted for at the election. The eagle is over the Republican ticket, a rooster over the Democratic ticket, a white rose over the Prohibition ticket, a plow over the People's ticket and a soldier and gun over the Veteran Republican ticket which is like that of the State Republican ticket on State officers. The sheet can be seen at the REPUBLICAN office.

No Better.

Gen. C. W. Pavey, Auditor of Public Accounts, who has been ill at his home in Springfield for the last eight days, is said by his family and friends to be in a critical condition. His malady is not well defined but partakes of the nature of malarial fever, together with a nervous and physical prostration resulting from frequent trips over the State attending and speaking at soldiers' reunions. His physicians hope for his ultimate recovery but admit that he has a long and serious siege of illness before him.

Caught by a Stone.

James Harrigan, of Madison, Wis., one of the stone cutters on the new court house work, met with a serious accident this forenoon, while splitting a long stone, and when it parted one end fell upon one of Mr. Harrigan's feet, mashing that member close to the ankle. Mr. Harrigan was taken to his boarding house in a buggy, and given proper surgical attention.

The C., B. & Q. Wreck.

Considerable interest has shown itself among the people in the vicinity of the Monmouth wreck. The alacrity with which the theory was put out that it was the result of malicious mischief in misplacing the switch has led many to believe that an effort is to be made by the coroner's jury to shield the railroad company. The impression is that it is about time that somebody ought to be punished.

Caught a Barrel of Bass.

Hon. J. J. Peddecord, Hon. B. K. Durfee and Major F. L. Hays arrived home last night from a fishing trip at Spring Lake. They had great luck, catching over a barrel of bass which they brought home, distributing messes to neighbors and friends. The weight of the bass ranged from 3 to 5 pounds. Mr. Peddecord caught the largest bass.

Will Start a Bank.

Hon. D. P. Keller and son-in-law, Otho Hight, of Macon, have decided to start a bank in Dalton City. A large building is now being constructed in that city and they expect to begin business about Jan. 1, 1892. Both gentlemen are well known in this city and county.

THE STATE MEETING.

Conclusions on the Republican Gathering at Springfield.

SPRINGFIELD, Oct. 23.—A notable feature of the meeting at the capital to-day was the absence of personal politics. No man's name was mentioned for any State office and it is certain that neither the State committee, the Republican editors or the Irish American Republican League have any candidate in the field. On the contrary it was expressedly stated on all hands that interest in party success was the sole inspiration of the gathering. There was never a Republican gathering where principle was more clearly exacted above men. The question as to how we shall organize for working the coming campaign was everywhere uppermost.

The State Central Committee had a short meeting early in the forenoon and soon after came together with the Republican Editorial Association in one of the rooms of the Leland, where a general love feast and interchange of sentiment was indulged in. The editors for once did the most of the talking and there was much enthusiasm manifest the efforts of Chairman Jones, Senator Matthews, General Atkins, of Freeport; Mr. McMillan, of the *Inter-Ocean*, and Mr. Calhoun, of the Decatur REPUBLICAN, being especially happy.

But the event of the day was the meeting of the Irish-American Republican League convention in the senate chamber of the state house. Hon. E. O'Connell called the convention to order and made a happy speech which set the delegates in the best of humor. Gov. Fifer followed in a speech of welcome, and after him Col. M. P. Brady, the permanent chairman of the convention, took the floor and delivered an address which for oratorical power has rarely been excelled in the state capital. Hon. Brady is a scholarly and cultured gentleman, and his utterances carried the weight of logic with true Irish inspiration.

At the afternoon meeting of the league the state committee and the editors were present by invitation and Chairman Jones and Senator Matthews made brief and stirring addresses. Hon. M. C. Quinn, of Peoria, made a carefully prepared address of great length and clearness, setting forth Republican principles in their most attractive light and showing how every intelligent Irishman should find no rest until he has espoused these principles, so happily in accord with all his patriotic instincts. Mr. Quinn's address was applauded throughout.

The delegates, fully 250 in number, were from nearly every district in the state, and were a particularly attractive body of men. They showed by their manner that they were in earnest, and that they purpose to be heard from in the future in Illinois politics. In view of the fact that American Republican league of Illinois it may be written down as an eminent success. When it is remembered that the republican league convention of Illinois in 1888 which took in all elements of the party only numbered about 700 delegates it must be admitted that a representation of 250 from the Irish-American brethren alone was a very fine showing.

The unanimous choice of Hon. Edmund O'Connell as permanent president of the league was a deserved compliment to that gentleman for the active part he has taken in its organization. To Mr. O'Connell and Mr. P. H. Donnelly great credit is due for taking the initial steps in this most important work and the convention fully recognized this fact.

Non-Partisan W. C. T. U.

The Illinois Non-Partisan Woman's Christian Temperance Alliance in session at Chicago yesterday appointed a committee to consider and gather information regarding the bi-chloride of gold cures, the committees report to form a basis for the future work of the alliance. The alliance also expunged from the constitution the sentence, "Nor shall any incumbent during office engage in campaign work for any political party." This was done on the ground that the clause was a hindrance to the personal liberty of the officers. A resolution was adopted calling forth more active efforts to promote total abstinence in church membership and Sunday schools. Various committees were appointed and the alliance adjourned.

Defeated the Regulars.

At Fort Sheridan yesterday a picked team from the Illinois National Guard defeated the team from the Regular Army, shooting at 200, 300, 500 and 600 yards, regular and skirmish firing, by 65 points. This contest virtually decides the marksmanship between the Regular Army men and the Illinois Militia in the latter's favor.

In the competition between the Illinois regimental teams, the following were the totals: First Regiment, 1127: Second, 1089; Fourth, 1084; Fifth, 1029, Sixth, 1990. The members of the latter team win the individual gold medals as well as the team trophy.

Dancing Announcement.

Prof. R. B. Leonard, member and only representative of the National Association of Teachers of the United States and Canada, in Illinois (outside of Chicago), begs to inform all lovers of Terpsichore that through the generosity of the Red Men, who have tendered him the use of their hall, he will commence his classes in Dancing the latter part of next week. All the newest dances, including the latest craze, "Jubilee Waltz," will be taught at this academy. Private lessons at any hour. Private lessons with music, $2.00 an hour; half hour lessons, $1.00; the waltz guaranteed for $5.00. Form your classes from four couples to any number. Terms will be made reasonable to suit all. The Professor will be assisted by the Misses Carrie and Marie Leonard. The hall is opposite the Syndicate Block on North Main street.

A Card of Thanks.

To our many friends who have so kindly and tenderly administered to my sister, Mrs. Isabella Fields, in her late severe and fatal illness, I take this method to extend to each one of you the heartfelt thanks of her children and other relatives in this city. Especially do I thank you for every act of kindness and tender affection shown her during her sickness and your prompt attention and presence in the hours of interment.

THE NEWS OF THE DAY

Mistaken by a Hunter for a Deer, and Shot Dead.

TERRIBLE WRECK OF FREIGHT TRAINS

A Sixteen-Year-Old Baby Stolen—One Thousand Dollars Reward Offered—Jumped the Track—All Hands Went to the Bottom.

Taken by a Hunter for a Deer, and Killed.

WEST SUPERIOR, Wis., Oct. 24.—A most unfortunate accident happened a half-mile distant from Dedham, a small station on the Eastern road, Thursday evening. While Adam Miller and J. T. Showers were hunting in the above vicinity, the former observed a movement in the underbrush and thinking it was a deer, directed a shot. One cry of pain followed the shot, but it was the cry of a human being. Too frightened to investigate Miller and his companion fled to the station where they knew a train was soon due for Superior. This they took, and upon arrival proceeded at once to police headquarters, where Miller requested Jailer Kentfield to lock him up. This the jailer refused to do as there was no charge preferred. At 8:45 a dispatch was received stating that the man who had been shot near Dedham was dead. His name was D. Sitz.

A Terrible Freight Wreck.

MARSHALLTOWN, Ia., Oct. 23.—A special from Lake City says: A terrible collision occurred late last night between two heavy freight trains on a branch of the Chicago & Northwestern railroad. Both trains were fearfully wrecked. M. R. Hayden and George Stein, brakemen, living at Lake City, were both instantly killed. Engineers Collins and McAllister were probably fatally injured, and other trainmen were considerably hurt. The accident occurred on a curve, neither engineer seeing the other train in time to avoid the disaster.

A Sixteen-Months-Old Baby Stolen.

ROUND LAKE, Oct. 24.—The 16-months-old daughter of Mrs. Mattie Barnes was stolen from its bed at the cottage of Mrs. Barnes' father, Rev. J. C. Fenton, on Prospect avenue, at about 6 o'clock Thursday evening. Mrs. Barnes is separated from her husband, Dr. A. C. Barnes, of New York city, and is taking steps to secure a divorce on the grounds that the doctor has six other wives living, and she suspects the doctor has stolen the child from her.

Jumped the Track.

PLATTSBURG, Mo., Oct. 24.—The caboose and three cars of a freight train on the Santa Fe road jumped the track near here yesterday morning, and fell thirty feet off a trestle. They caught fire and were totally destroyed. A telegraph operator named Brown, of Bee Creek, was badly burned in the caboose while the conductor and two brakemen received severe but not fatal injuries.

One Thousand Dollars Reward Offered.

ITHACA, N. N., Oct. 24.—Sheriff Tibbetts, of this county, has offered a reward for the capture of Edward Fogarty, aged 14 years, and F. R. Bryant, aged 13. Both boys are charged with having taken $1,000 from the trunk of Fogarty's grandmother. When last seen the lads were in Auburn, where they purchased tickets for Buffalo.

All Hands Were Drowned.

LEWES, Del., Oct. 24.—Lewes life saving station crew report the total loss of the schooner Red Wing, off Noantoke, Conn., Thursday night, just below Indian River inlet. All hands were drowned. Two men were picked up on the beach yesterday by the Indian River station crew.

LOTTERY CASES.

The Officers of the Louisiana Lottery Co. Indicted at Sioux Falls, S. D.

SIOUX FALLS, S. D., Oct. 24.—The grand jury reported at 2 o'clock yesterday, eleven separate indictments, each giving eighteen counts, against the officers of the Louisiana lottery. Among the list are Gen. Beauregard, Paul Conrad, president, and Jos. P. Horner, secretary. The indictments are for transmitting lottery advertisements through the mails, which is a violation of the lottery law passed last winter by congress. The evidence was all laid before the jury in the form of affidavits and kept with the utmost secrecy.

The department at Washington brought the charge before this court for the reason that their efforts in other states before the United States grand juries had been frustrated. The United States marshal and his deputies left last evening for New Orleans to arrest the president, vice-president, secretary, treasurer and directors of the lottery company. The extreme penalty in cases of conviction is five years' imprisonment and $5,000 fine.
